

Getting to the UVM Firestone Building for the core facility tours for NERLSCD

Walking:

It is 1.5 miles from the Hilton Lake Champlain to the UVM Firestone building. It is a nice walk though it is all uphill and takes about 35 minutes. On route you will cut across Church St, Burlington's award-winning pedestrian shopping-eatery district, and go through the main part of campus and see the large campus green and many historic buildings.

You can go up Cherry St, College St, or Main St, or some combination, to get there, but College St is the quickest (blue dots):

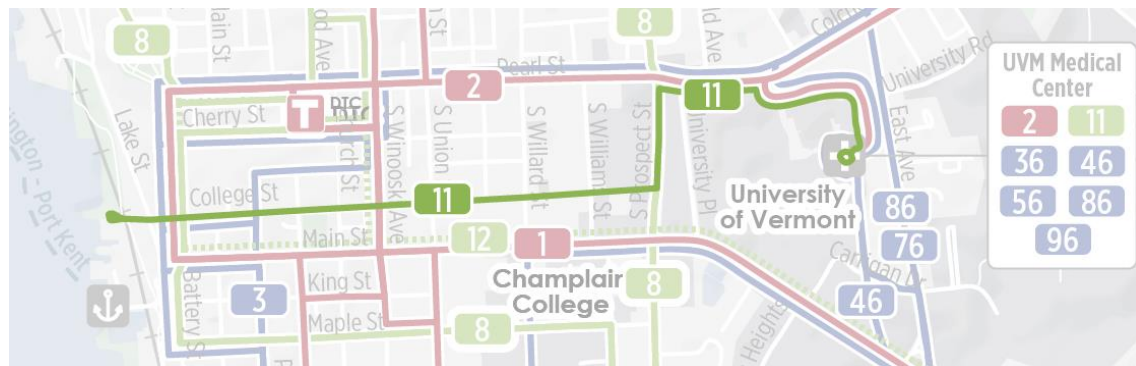

Driving:

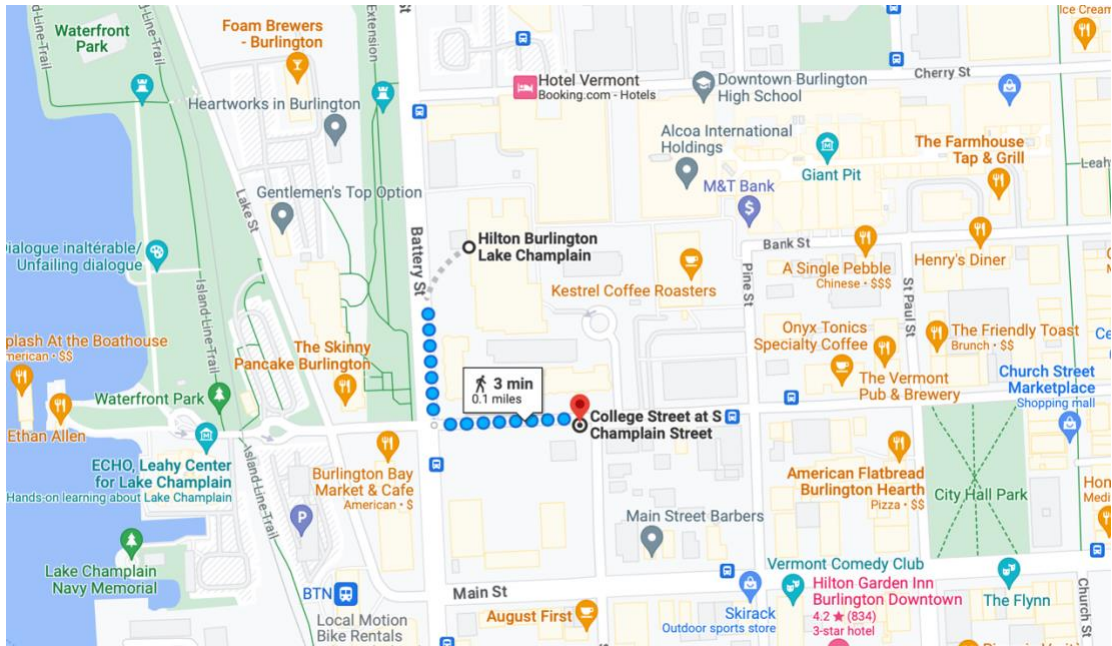

You can see on the map above the Jefford's Parking Lot and the UVM Campus Tour Parking just south of the Firestone Building. Both have pay-by-plate options.

By bus:

You can also take the FREE College St shuttle (Route 11 in green). This shuttle runs Weekdays every 15-30 minutes from 6:15am-7:15pm:

You can catch this shuttle just outside the Hilton on the corner of College St and Champlain St:

You can jump on and off this shuttle at Church St Marketplace, UVM Waterman/Campus Green (walk southeast to Firestone) or at the UVM Medical Center (walk south to Firestone). Both UVM stops are very close, and Firestone is hard to miss with the large bright blue water tower!
